MSC GRADUATE IN ECONOMICS AND BUSINESS ADMINISTRATION WITH A MINOR IN QUANTITATIVE METHODS

Recent graduate from Copenhagen Business School majoring in Accounting, Strategy, and Control with a minor in quantitative methods in economics, business, and finance. As a Data Minded Economist at DAMVAD Analytics, I will be able to assist the company in generating actionable insights from data. Utilizing my knowledge of econometrics, machine learning, time series analysis, and my experience with coding in both R and Python, I will be able to design, perform and interpret various data analyses. Furthermore, I will be able to communicate the findings from the analyses in a way that is comprehensible to both specialists and non-specialists.

EDUCATION

2018-2021

MSC IN ECONOMICS AND BUSINESS ADMINISTRATION (ACCOUNTING, STRATEGY, AND CONTROL) WITH A MINOR IN QUANTITATIVE METHODS,
COPENHAGEN BUSINESS SCHOOL, DENMARK

Thesis:
- Analyzing the effect of accounting harmonization on accounting comparability
- Collecting, cleaning, and pre-processing financial data for all firms that were listed between 2003-2006 in the EU
- Using econometric tools such as difference-in-difference analysis to assess whether mandatory IFRS adoption in the EU affected the comparability of listed firms
- Firm valuation using relative valuation, calculating the accuracy of the valuations, and then using the accuracy as a proxy for accounting comparability

Course interests:
- Financial Statement Analysis
- Data-Driven Decision Making
- Time Series Analysis
- Econometrics

- Machine Learning

Skills gained:
- Programming using R and Python
- Statistical data analysis
- Time series analysis
- Firm valuation, forecasting
- Cross-disciplinary collaboration, negotiation, and leadership skills

Microsoft Office Packages	Routine user
• **Excel**	Advanced skills
R and Rstudio	Intermediate skills
SQL	Basic skills
Python	Intermediate skills
SPSS	Intermediate skills
SurveyXact	Intermediate skills
SAP Business One	Basic skills

ADDITIONAL INFORMATION

SPARETIME AND INTERESTS

In my spare time, I enjoy running, playing board games with friends, and baking. I was first introduced to baking in my childhood by my grandmother and my mother. It grew into a hobby when I moved out to Denmark, and I needed a break from studying. Since I am an organized and detail-oriented person, I find the whole process of baking very relaxing. Following a recipe and the very specific tasks and instructions that are set out in it, lets me destress and allows me to give my mind a break.
